

# NWT HSS System Bursary Program

## High Demand Occupation and Education Rubric

2024-2025 Academic Year

High demand occupations are identified through a yearly review that considers past and current vacancies (need in system), the number of positions within the occupational area, and projected need based on Government of Canada 3-year employment outlooks.

Applications will be weighted, in part, based on level of demand.

High Demand Category	Need in NWT HSS System (vacancies)	Number of Positions in NWT HSS System	Work Experience Requirement	3-Year Employment Outlook
Group A	High Need in NWT HSS System	Large Number of Positions	Potential positions do not require work experience.	Projected Shortage of Candidates
Group B	High Need in NWT HSS System	Limited number of Positions	Potential positions do not require work experience.	Projected Shortage of Candidates
Group C	High Need in NWT HSS System	Limited number of Positions	Relevant work experience required	Projected Shortage or Balance of Candidates
Group D	Neutral Need in System	Limited number of Positions	Potential positions do not require work experience.	Projected Shortage of Candidates
Group E	Neutral or Limited need in NWT HSS System	Limited number of Positions	Relevant work experience may be required	Projected Balance or Surplus of Candidates

## High Demand Occupations with Education and Work Experience Requirements

If you are enrolled in a post-secondary program that is not listed and are interested to know if you would be eligible for the NWT HSS Bursary, please email [NWTHSS\\_Bursary@gov.nt.ca](mailto:NWTHSS_Bursary@gov.nt.ca).
